Yak-2 Connector

- ★ YAK-2 Connector allows you a connection of two or three conductors in any combination of 0,4-0,9 mm (26-19 AWG)
- ★ The double U-contact cuts through the insulation and tightly grips the conductors and makes a gas-tight, solder-equivalent connection.
- ★ Dry, flame retardant YAK-2 connectors manufactured with UL 94V-0 flame retardant material are applicable for butt splicing of pulp and paper cable.
- ★ YAK-2 Connector like other Kunt connectors, are filled with a sealant to protect the connection against moisture.
- ★ Due to the transparent polycarbonate body, the visual inspection of each connection is very simple. YAK-2 Connectors have high dielectric strength due to a durable polycarbonate body.
